

# ITANGISHATSE Musa

UI/UX Designer | Full-Stack Developer | Cybersecurity Professional

Nyarugenge, Kigali, Rwanda | +250787065734 | itangishatsemusa@gmail.com | [github.com/musa11it](https://github.com/musa11it) | [espoirda.org](https://espoirda.org)

## PROFESSIONAL SUMMARY

Creative and detail-oriented UI/UX Designer and Full-Stack Developer with hands-on experience designing and developing user-centered web and mobile applications. Proficient in Figma for wireframing, prototyping, and high-fidelity design. Demonstrated ability to translate user needs into visually compelling, intuitive interfaces. Currently advancing full-stack and mobile skills at TechUp KLab Rwanda, with a strong foundation in cybersecurity, networking, and database management.

## DESIGN & TECHNICAL SKILLS

### UI/UX Design:

- Figma (proficient, wireframing, prototyping, component design, auto-layout)
- User interface design, responsive layouts, visual hierarchy, typography & color theory
- Dashboard design, app interface redesign, brand consistency, digital campaign assets
- Web & mobile design best practices (UX research, accessibility, user flows)

### Development:

- Programming: Python, JavaScript, TypeScript, Java, PHP, C
- Frameworks & Libraries: React, Django, React Native
- Databases: PostgreSQL, SQL Server, MongoDB
- Cloud: AWS | Networking & Cybersecurity | IoT | Machine Learning

## PROFESSIONAL EXPERIENCE

### UI/UX Designer & Full-Stack Developer | [Espoirda.org](https://espoirda.org), Kigali, Rwanda 2023 – 2025

- Designed the full user interface of [espoirda.org](https://espoirda.org) using Figma, establishing visual hierarchy, color palette, and component library before development.
- Developed the platform using TypeScript, React, and Django; served as Database Administrator ensuring data integrity and secure access.
- Collaborated with stakeholders to align design decisions with brand identity and community goals.

### Founder & Platform Designer/Developer | [Studyinfo.space](https://studyinfo.space) (Thekist), Kigali, Rwanda 2022 – Present

- Conceptualized and designed the user experience for [studyinfo.space](https://studyinfo.space), connecting high school graduates with Rwandan universities.
- Designed and built the platform using PHP, JavaScript, and TypeScript with a focus on intuitive navigation and clean visual design.
- Managed database systems and platform operations, providing direct technical support to users.

### Coordinator, Innovation Tech Club | University of Rwanda – CST, Kigali, Rwanda 2023 – 2025

- Organized workshops on web design, programming, cybersecurity, and networking for student members.
- Led student innovation challenges, fostering collaborative problem-solving and design thinking.

### Networking & Datacom Trainee | Huawei Academy, Online Aug – Oct 2024

- Completed HCIA, HCIP & HCIE Datacom training in advanced networking and enterprise systems.

## EDUCATION

### BSc (Hons) Information Technology | University of Rwanda – CST, Kigali

Relevant coursework: UI/UX, Web Development, Python, JavaScript, TypeScript, Java, React Native, PHP, Django, Networking, IoT, Cybersecurity.

## CERTIFICATIONS

- Rwanda National Cyber Security Authority (NCSA), Certified in Cybersecurity (May-Jun 2025)
- KLab Rwanda, TechUp Full-Stack & Mobile Development Program (2025)
- Cisco Networking Academy, Networking & Cybersecurity (x2, 2023–2024)
- Huawei Academy, HCIA, HCIP & HCIE Datacom Networking (2024)
- ALX, Software Engineering & Leadership Training
- Raspberry Pi Pico Internet of Things (IoT) Development

## LANGUAGES

Kinyarwanda (Native) | English (Fluent) | Arabic & Swahili (Conversational)
